Subject: Correction Inaccurate Date

Hi Dianne:

I am writing to clarify an error in an email I sent to you on August 25, 2017 regarding Maple Lake Estates which I have attached for your information. In my email I stated that *"In 2015 the LSRCA was approached by staff from the Town of Georgina, Region of York, and the Ministry of Municipal Affairs to determine whether the LSRCA would consider supporting a transfer of planning approval from the original site to lands located directly to the south."* In fact based on our email records the contact occurred in February of 2014. Please contact me should you have any questions or require additional information.

Regards

Michael Walters
