We the Municipal Council of Northgwill
inbury in Council assembled, can but deeply
regret the decision the County Council
came to on the proposed division of the
County, as introduced by Mr. Gould Meeve
of the Township of usbridge,

We are of the opinion that a question of
so vital importance in which the people
of this County, are so deeply interested in
was not reserved for further consideration
so as to have enabled the Meeves of the
respective Townships to have consulted
with their colleagues for this Council
is of the opinion that Meeves of the respective
Townships are the Representatives of the Councils
over which they preside and such Councils
are the Representatives of the people whose
interest they are bound by virtue of their
office to protect.

And this Council is of the opinion that
a convention of the Councillors of the whole
County should be held before the Meeting
of Provincial Parliament to take into consid-
eration the proposed division and adopt
such measures either to support, negative, or
amend such division as the majority may
thereat decide.
