Statement of the Arbitrators appointed to arbitrate in the matter of dispute between Richard Titus Wilson Esq<sup>r</sup> Agent of the Arnold Estate and the Municipal Corporation of the Township of North Guillembury, regarding a road forty feet in width crossing Lots No. five in the Centre of the Sixth Concession of the aforesaid Township.

Whereas we the undersigned Arbitrators after being duly appointed met at Ravenshoe on the Fifth day of October, A. D. 1866 from thence we proceeded to the road crossing the Lots aforesaid and Examined the Premises returned to Ravenshoe and being duly qualified and after hearing the statement of Richard Titus Wilson Esq<sup>r</sup> Agent of the Arnold Estate, and also that of Henry Draper Esq<sup>r</sup> Reeve of the Township of North Guillembury, they the Parties agreed in our presence not to bring oral Evidence before the arbitrators as such Evidence they considered would only be the several opinions of the witnesses leaving the matter of dispute with the Arbitrators, after careful consideration of the matter submitted to us, We do hereby state as follows, That the road on said Lot No. one was an advantage to the Lot, for the purpose of surveying and dividing the same between the several parties as set forth in the report of Partition relating to the Arnold Estate by order of the Honourable the Court of Queens Bench, and that the said Road gives a better position to the occupants of said Lot

Lot No one in regard to the Common  
 School house as a place of worship and  
 Sunday School, and the Section School  
 kept therein available to them for the  
 purpose of Educating their Children,  
 Without the said Road the said Occup-  
 ants would have to pay their school  
 Tax and allow the other several  
 School Appropriations to be expended  
 without receiving the benefit due to  
 them therefrom on account of the  
 distance they would have been from  
 said School House, The land required for  
 the road on the Centre of the said sixth  
 Concession on Lot No Five is of an inferior  
 quality, the same was Bush land when  
 taken by the said Corporation, The land  
 on each side adjoining said Road on  
 said Lot No five remains unimproved  
 and uninclosed on both sides of the road  
 it being a question of time when the said  
 land on the sides of the Road may  
 require to be Fenced or Improved,  
 The sixth Concession line in front of  
 said Lot No one and Northward for some  
 distance is swampy and would require  
 A large outlay of Money to make a road  
 on said Concession line, This being the  
 only line of Road that would give the  
 relief required except the road on the  
 Centre of said sixth Concession, The report  
 of James W. Callum P. L. S. relating to  
 to the said sixth concession line and his  
 survey of the said Road in Centre of  
 said sixth Concession was laid before  
 us by Henry Draper Esq. Reeve of the

Township of North Guillemburg at the time  
of arbitrating, Information with regard to the  
mode of appointing and Qualifying said  
arbitrators may be found attached to the  
award
