Report of Committee on Lake Shore road at Orchard Beach

We your committee appointed to meet residents along Lake Shore road at Orchard Beach; beg leave to report as follows; that we did on the 15<sup>th</sup> day of August, visit the locality, and confer with the residents and while we found the fences in some places had been set out on the road-allowance, in other places they had been set in, and that there did not seem to be any disposition on the part of the owners to encroach on the road, or to assert any individual right to the portion lying west of the travelled road. The only part we found fenced on the west side, was the premises of Dr Young, who expressed himself willing to remove the whole fence if the Council said so; we your committee advised that as there was a dangerous place in the road, that would need railing or filling up; that the fence be allowed to stand upon this portion and the balance be removed; We also decided that the only part of said fences that appeared to obstruct the highway, was that portion in front of the lots of Col Lloyd, Mr Thompson and Mr Andrews, when these <sup>fences</sup> are set back the roadway will be satisfactory to your committee  
adopted
