To the Honourable Minister of Public Works, Ottawa.

We the Council of the Village of Sutton in the County of York humbly pray.

That your department will survey the Black River and the entrance to the same in Lake Simcoe with the object of finding the cost of dredging the entrance to the river and deepening it at Sutton.

Jacksons Point and the surrounding Townships have become summer resorts of some magnitude and many launches are now owned and run on Lake Simcoe and the Black River, the entrance to the Trent Valley Canal from Lake Simcoe being only about 16 miles from the mouth of the Black River.

The storms on the Lake have filled up the channel to the river and it is hardly possible to enter it excepting at high water. We therefore pray that you will carry out this request of the Council.
